Brand New Book ***** Print on Demand *****.Excerpt from Class Book of Economic Entomology: With Special Reference to the Economic Insects of the Northern United States and Canada All teachers are agreed that the best results in the classroom are secured only by the adoption of the best pedagogical methods, with ready access to the necessary specimens and literature. Just what these methods comprise, however, is, with many teachers, a matter of opinion. Quot homines tot sententiae, nevertheless the indulgent reader may concede that an experience of over twenty years as a teacher of economic entomology in agricultural colleges may warrant the voicing of the authors conviction that instruction in this subject should consist of (i) studies on the structure, metamorphosis, and bionomics of insects, carried on both in the laboratory and in the field;(2) practice in the classification and description of the more common insects in their various stages; and(3) studies of the methods of control, with practical exercises in the preparation and application of insecticides. Although several most excellent manuals on Economic Entomology have been published in recent years, there seems to...
