Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

She has a one-night stand with Alexander, an upper class Brit, with a smooth sexy accent, who shakes her heart, and shows her what it is to be loved. Jane s idea about being single and just having fun are thrown out of the window, when her one night stand unexpectedly reappears in her life a week later and turns her whole world upside down. He is her new boss. Alexander is stunned when Jane appears at his office door announcing she is his new PA. Alex is torn, he has fallen in love with her, but she is his employee and he has certain rules he must abide by. Jane fights against their mutual attraction, determined not to be under the control of another man again. Then Josh arrives to stay for the holidays, a 28-year old Australian, and a friend of her son. Now she has two men in her life, and a decision to make, does she want to be free and single and just have fun, or does she want her prince in shining armour to sweep her off her feet and love her forever? When her ex-husband sees Jane for the first time in over a year, Sam is both stunned and angry by her new sexy appearance. Janes violent past comes back to haunt her, and Alex and her sons are left devastated when Sam, determined no one will ever have her except him, threatens her very life.
