The year 2014 is the year of immanent justice, which sets it apart somehow from other years. It is no better nor worse than 2013, its just different. The cardinal cross from even the new years night and all the other aspects, the entry of Jupiter from July in the sign of Lion, the change of domicile of the lunar nodes, Mars staying in Libra for a long period of time, Black Moon transit through three zodiac signs, will influence largely our existence, both positively and negatively. But each aspect can always extract something good and something bad is up to us what reasonable. So it is not fair to blame the troubles planet when our heads are held velcro. Many of us wont have ever part of such aspects in this life, for which it would be great to try to resonate only positive with what Heaven gives us. As our behavior is more positive, the more we can meet beneficial vibrations, generated by the determining planets of the Solar system, thus achieving the necessary harmony for a happy life. But if we continue with our actions quite foreign to these vibrations, we can obtain only the result of some collisions of negative energies, that can bring disaster in our lives, and also in the energy areas where we are on this earth, namely: - natural disasters (earthquakes, floods, typhoons, cyclones, storms, etc.); - economic issues with large social impact; - illness without medical etiology; - armed conflict; - major climate changes.
