Its nuts-and-bolts presentation provides you with practical how-to examples and best practices on every area of managing ethics inside your organization in a handy, concise format. This brief yet powerful guide presents executives and leaders with timely discussion on: Human nature and unethical behavior in organizations; Determining the ethics of job candidates; The differences between a Code of Ethics and a Code of Conduct; The best practices for managing diversity; Using Management-by-Objectives to establish work goals that encourage ethical behavior; Performance appraisals that reward ethical behaviors; Aligning community outreach with the company's mission and assets; Handling the environmental change process; How to manage three internal communication mechanisms for employees to report potentially unethical or illegal behaviors: an Ethics and Compliance Office, Ombudsman, and Ethics Hotlines; Providing a five-step ethics job-screen process and an ethical decision-making framework, as well as guidelines for conducting a variety of business ethics workshops. *Essentials of Business Ethics* is the only guide you will need containing all the relevant facts on business ethics, all in one place.
