Giraffes (Paperback)

By Jennifer Dussling

Penguin Putnam Inc, United States, 2016. Paperback. Book Condition: New. 228 x 152 mm. Language: English . Brand New Book. Giraffes have been a source of interest for thousands of years; some were even kept as pets in Egypt. As the tallest animals on Earth - some can be nineteen feet tall - giraffes are distinct, and their anatomy makes them only more interesting. For example, they have the same number of neck bones that humans do. Their long necks allow them to reach leaves in tall trees. They are also able to camouflage, and the same spots that help them blend in with trees are as unique as fingerprints and vary by species. Today, many girafies live in national parks and other protected areas.

Reviews

The most effective book i ever read through. it had been writtern quite flawlessly and valuable. I am just happy to let you know that here is the very best publication i have got read through during my individual daily life and may be he greatest pdf for ever.

-- **Prof. Adonis Rodriguez**

Comprehensive information for publication fans. I have got read and i am confident that i am going to likely to go through once again once again in the foreseeable future. I am just very happy to let you know that this is actually the greatest book i have read in my very own existence and could be he finest book for at any time.
