Graywolf Press, United States, 2014. Paperback. Book Condition: New. 201 x 137 mm. Language: English . Brand New Book. From personal loss to phantom diseases, *The Empathy Exams* is a bold and brilliant collection, winner of the Graywolf Press Nonfiction Prize A Publishers Weekly Top Ten Essay Collection of Spring 2014. Beginning with her experience as a medical actor who was paid to act out symptoms for medical students to diagnose, Leslie Jamison's visceral and revealing essays ask essential questions about our basic understanding of others: How should we care about each other? How can we feel another's pain, especially when pain can be assumed, distorted, or performed? Is empathy a tool by which to test or even grade each other? By confronting pain--real and imagined, her own and others--Jamison uncovers a personal and cultural urgency to feel. She draws from her own experiences of illness and bodily injury to engage in an exploration that extends far beyond her life, spanning wide-ranging territory--from poverty tourism to phantom diseases, street violence to reality television, illness to incarceration--in its search for a kind of sight shaped by humility and grace.
